Jason,

Please find the signed catalyst agreement between JAL Environmental Services Programs and Clean Harbors.

Roger, JAL is new to the market and has brought on Andrew Lis from Amlon to help with catalyst product sales. They are putting together a bid for our 244 bags of moly with 0.3% tungsten.

Jason's office is local to Houston. He may be reaching out to you to introduce himself and come for a visit. He is aware of the recent temporary idling of our thermal desorption unit.

Hi Jason,

Could you please do me the favour and send me this invoice in original by separate post? Our accounting department is always requesting "originals" directly from the customer (and not via email). Sorry, this is German bureaucracy, but you would make our accounting people very happy.

Thanks & best regards,

Wendy,

It has been a pleasure working with you on this project. I will make it a point to request your preference on container routings for future shipments. If there is anything else we can do to improve this process please let us know. The invoice you requested is attached for your review. Please let me know if you need any changes to be made on the invoice.

Thanks again for this opportunity.

Tag, Andrew!

Looking forward to your invoice!

It would be great to welcome you folks here for a visit of NHA. Hope you only told your best thoughts of NHA to Ken. I met some of his colleagues of US Ecology in Golden and they reached out to me, actually, offering their spent catalysts ex Tx. I don't think that our terms for NiMo/CoMo will work, but we can give it a try and maybe we will find some other catalysts like Ni where we are more competitive.

Enjoy your weekend!

Tag, Wendy!

We'll send you our invoice shortly; viel danke!

By the way, I was speaking with US Ecology's Ken Knibbs - he said you'd reached out recently. We are functioning as USET's sales agent for their materials, and Ken asked me what I thought of NHA -- I told him we have to go visit. :)

What were you interested in working with USET to obtain? We can try to push them as best we can. You can feel free to work with Ken, as well, but we'll end up working together in some way on these projects! Yay!

Dear Jason,

Sorry for the delay in responding and thanks for sending the shipping documents. May I ask if it's possible to switch port of discharge to Bremerhaven instead of Bremen? There are better rail connections from Bremerhaven to Aue. But as you are delivering this container to our works in Aue, I guess you already checked this with your forwarding agent. Please change drum count to 88 drums at BL.

Just cheking: IMO + insurance do mention vessel MAERSK IOWA 618e, but BL states vessel MAERSK Missouri 619E.

I will contact the forwarding agent in Germany RED LINE Spedition GmbH regarding customs clearance and instructions for onward transport from Bremen to Aue.

Harry told me about your meeting and that you are also working for Cronimet. We are looking forward to working with you.

Dear Wendy,

I had the pleasure of meeting Herr Kramer in Tulsa, and was very impressed by how gracious and supportive he was, and I'm very pleased that we were able to conduct this initial transaction.

Enclosed, please find:

- 1) Signed Offer
- 2) B/L Draft (please approve) drum count will be changed to 88 drums

- 3) Commercial Invoice
- 4) Insurance (please approve)
- 5) IMO (signed), for your records

We are anticipating delivery on June 6, +/- and will continue to follow up with the liner for updates. Please keep us posted from your side if there are any issues. Upon receipt of cargo, please advise your target date for results.

We look forward to future opportunities together, and thank you for your support.

Best Regards,

Jason Lancaster

Hi Jason,

Please find attached the PO for the 10 tons of unused CuCr catalyst. Please check and let me know if any amendments need to be done.

If acceptable please send me a signed copy. I also attach our official offer WF 20107 for this material and for your files.

Please send me BL, IMO and Commercial invoice once these docs become available.

We are pleased to have concluded this first business with you and we are looking forward to further cooperation.

Tag, Wendy!

I checked in with Jason; he says the container was in-gated last week and has now departed for Hamburg; he's checking updated ETA. He hasn't received the PO yet; let me know when you send it to.

Danke!

Andrew Lis

Tag, Wendy:

Just checking in on the CuCr PO. Would you want to send this directly to Jason? His email is jlancaster@gulfpremierlogistics.com. This will be how we show shipper on the BOL, as well.

Have a great weekend, and sorry for the novella below. I'm sure you can appreciate my frustration with Amlon's actions.

Very Truly Yours,

Andrew Lis
